This is an acquisition grant, and State would pay 75% of the appraised value, so the City cost would be 25% out of the grant match fund. Hi Lana,

It's Mel with the Divas!! But I am actually reaching out on behalf of the gym that I also work at, East Lansing Crossfit. ELCF was hoping to partner with you and C.A.R.E. this holiday season and do a collection drive from our gym members to benefit CARE. Does CARE have a need for this this year? If yes, could you send me an updated Amazon wishlist link, and a list of items needed? Attached are the slides that I used last year for Domestic Divas, does any of that info need updating? (other than items needed and wishlist link) Should I add toys & books, any ages, to that list? When would you want items delivered to you by?

Thank you!!

CARE is a Regional Intimate Partner Violence (IPDV) Post Arrest Response Team and the only post-arrest response team for victims/survivors of IPDV in Lansing, Lansing Township, Meridian Township, East Lansing and on the campus of Michigan State University. They are a team of 4 who serve up to 1600 victims-survivors per year along with volunteers. They are First Responders in advocacy.

# C. A. R. E. COLLECTION DRIVE

The program is designed in such a way where a staff member or a team of 2 volunteers responds to victims-survivors at their homes or places of employment, the hospital, or local police department to provide crisis intervention, safety planning, and information about area resources. CARE is available Monday through Sunday from 8 am to 1 am. A staff member responds to calls received between 1 am and 8 am the following day.

Follow up occurs after the initial response to provide victims with an opportunity to ask additional questions or obtain further services. When no arrest is made, staff members follow up with survivors by phone. CARE greatly reduces the isolation and confusion experienced by many survivors of domestic violence. Many people have no one to talk to about the abuse they are experiencing, do not know their options, and do not know what is going to happen once the police have been called. All CARE services are free and confidential. Our program's goal is to focus on the 3 Es - Empower, Encourage and Educate.

## MEMORANDUM

**To:** Mayor Andy Schor and City Council  
**From:** Parking Services Office  
**Date:** 03/04/2026  
**Subject:** Proposed Legislation for Parking Services

---

The City of Lansing Department of Economic Development and Planning has proposed four (4) separate but related pieces of legislation for Council's consideration. These items have been drafted to address system needs identified by Walker Consultants in December 2023, as part of their comprehensive study of parking services, assets, and policies within the City of Lansing.

1. The **Metered Parking Hours of Operation Ordinance** seeks to amend the existing hours of enforcement for metered parking with the intention of better aligning enforcement with motorist use patterns and local commercial activities, as documented in the parking study noted above. The new proposed enforcement hours would be 9:00 am – 6:00 pm, Monday through Friday. The current enforcement hours for metered parking are 8:00 am – 6:00 pm.
2. The **Metered Parking Reduced Payment Rate Ordinance** seeks to amend the time during which an expired meter violation can be paid at a reduced rate with the intention of establishing more reasonable and consistent administrative policies for violations. The proposed amendment would allow an expired meter violation to be paid at a reduced rate until midnight on the day the violation was issued. The current ordinance allows for this reduced rate only if the fine is paid within two hours of the violation being issued.

This proposed amendment also strikes language that requires violations to be paid "in person at the parking violations bureau", in recognition of virtual payment options that are made available on the Parking Services website.

3. The **Expired Meter Fines Resolution** seeks to increase the fine structure for expired meter violations with the intention of encouraging motorist compliance with maximum daily parking rates and discouraging overall expired meter violations. The new fine structure is proposed below and also incorporates the amended time to pay a violation at a reduced rate as noted in Item 2 above.

Payment by Midnight on Day of Issuance:	\$25.00
Standard Fine, paid from 12:01AM on day after issuance up to 14 <sup>th</sup> day:	\$35.00
Payment made from 12:01AM on 15 <sup>th</sup> day after issuance up to 28 <sup>th</sup> day:	\$45.00
Payment made from 12:01AM on 29 <sup>th</sup> day after issuance up to 42 <sup>nd</sup> day:	\$55.00

The current fine structure for expired meter violations is set at \$15.00 (same day), \$25.00 (up to 14<sup>th</sup> day), \$35.00 (up to 28<sup>th</sup> day), and \$45.00 (up to 42<sup>nd</sup> day).

4. The **Progressive Rate Structure Resolution** seeks to increase the parking fee structure for extended (typically full day) use of on-street parking spaces within the City. The resolution's intention is to encourage motorists to utilize parking ramp assets for extended use, leaving a higher proportion of on-street spaces available for visitors and patrons seeking parking for a limited time. The new fee structure is proposed below and also incorporates the amended time that parking enforcement will begin as noted in Item 1 above

BY THE COMMITTEE ON WAYS AND MEANS  
RESOLVED BY THE CITY COUNCIL OF THE CITY OF LANSING

WHEREAS, currently, citations for an expired meter violation are \$15.00 if paid by midnight on the day of issuance, \$25.00 the following day, \$35.00 if paid within 14 days, and \$45.00 if paid within 28 days; and

WHEREAS, the proposed updates to parking meter policies, including the ability for motorists to continue paying throughout the day, necessitate a review and adjustment of expired meter fines; and

WHEREAS, the current fine structure may incentivize motorists to receive a citation rather than pay the maximum daily parking rate, creating unintended consequences for the city's parking management; and

WHEREAS, increasing fines for expired meter violations would encourage compliance and ensure that fines exceed the maximum daily parking rate, thereby discouraging violations; and

WHEREAS, pursuant to City of Lansing Ordinance 404.03, parking fines are set by Council resolution.

NOW, THEREFORE, BE IT RESOLVED, that the Lansing City Council approves the following fines for expired meter violations:

Payment by Midnight on Day of Issuance:	\$25.00
Standard Fine, paid from 12:01AM on day after issuance up to 14 <sup>th</sup> day:	\$35.00
Payment made from 12:01AM on 15 <sup>th</sup> day after issuance up to 28 <sup>th</sup> day:	\$45.00
Payment made from 12:01AM on 29 <sup>th</sup> day after issuance up to 42 <sup>nd</sup> day:	\$55.00

BY THE COMMITTEE ON WAYS AND MEANS  
RESOLVED BY THE CITY COUNCIL OF THE CITY OF LANSING

WHEREAS, currently, hourly rates for on-street parking locations within the City of Lansing increase consistently by \$1.50 per hour, to a maximum daily charge of \$15.00, which is equivalent to the maximum daily parking rates in parking ramps owned and maintained by the City; and

WHEREAS, the current rate structure may incentivize motorists to utilize on-street parking locations for extended visits rather than pay the maximum daily parking rate in parking ramps, creating unintended consequences for motorists seeking parking solutions for short-term visits; and

WHEREAS, progressively increasing rates for on-street parking locations would encourage motorists to make use of parking ramps for extended visits by increasing the relative value of the maximum daily parking rates in parking ramps; and

WHEREAS, pursuant to City of Lansing Ordinance 404.03, parking rates are set by Council resolution.

NOW, THEREFORE, BE IT RESOLVED that the Lansing City Council approves the following hourly rates for on-street parking:

<b>Total Hours</b>	<b>Amount/Hour</b>	<b>Total Charge</b>	<b>Example Parking Duration</b>
0 minutes to 1 hour	\$1.50	\$1.50	9A-10A
1 hour to 2 hours	\$1.50	\$3.00	9A-11A
2 hours to 3 hours	\$2.00	\$5.00	9A-12P
3 hours to 4 hours	\$3.00	\$8.00	9A-1P
4 hours to 5 hours	\$3.00	\$11.00	9A-2P
5 hours to 6 hours	\$3.00	\$14.00	9A-3P
6 hours to 7 hours	\$4.00	\$18.00	9A-4P
7 hours to 8 hours	\$4.00	\$22.00	9A-5P
8 hours to 9 hours	\$4.00	\$26.00	9A-6P
