Discussion/Action

RESOLUTION – Liquor License Transfer; Padsinab, LLC request for a Class Entertainment, Extended Hours, SDM Permits at 221 South Washington Ave

Mr. Adeleye spoke about the project at the location and stated license for the existing business he has owned in that location for over a year. Therefore this will be a liquor license transfer to the current business. Ms. Hagen-Lawrence stated to the Committee that in the future Council will see another resolution for the social district.

RESOLUTION – Street Decertification; portions of Jerome Street, Holmes Street, Malcolm X Street, Aurelius/Main Connector, Regent Street, Schoolcraft Drive totaling 4,780 feet

Mr. Kilpatrick confirmed that the two streets for Sparrow, which had conditions, have been met. There are ones that have street segments that have been removed, and then the last was the street near Lansing Community College that was taken off due to the parking ramp project. The money is less than it costs to maintain them, but the funds are not a significant amount. Mr. Kilpatrick offered to provide the figures to Committee.

Mr. Kilpatrick informed the Committee that once the City accepts all the streets in the Red Cedar development, they will be bringing those forward. Another street, not currently an ACT 51, that they will bring forward is the street leading to Rotary Park.

Council Member Hussain asked how they verify the map to make sure all the streets that are public are on or the ones that are no longer City streets are removed. Mr. Kilpatrick acknowledged they do review and update annually. There are segments that they correct over the years, and will continue to find some.
