MEMORANDUM

To: Andy Schor, Mayor

From: Chad A. Gamble, P.E., Parking Manager

Subject: Request for Sole source Procurement for Parking Services Office Branding, Public Relations & Marketing Services

Date: April 19, 2018

Please let this memo serve as a request for the issuance of a sole source purchase order for procurement for Parking Services Office (PSO) Branding, Public Relations & Marketing Services (see attached). The PSO is set to embark on a 5 year journey of redesigning, rehabbing and upgrading a large percentage of the parking facilities and equipment serving our customers. This runs from the installation of new curbside metering, performing millions of dollars of rehabilitation to all four of our parking ramps, purchasing/upgrading new ramp entry, exit and gating equipment and finally, painting and new wayfinding within our ramps.

This project will affect all of our customers and our Team would like this very involved and impactful project to run as smooth as it possibly can. To that end I am requesting the issuance of a sole source contract to Edge. Edge provided to the PSO consulting/branding services in 2011 and 2012. These services included surveys, stakeholder meetings and many staff coordination and brainstorming meetings to move forward the branding and marketing of the business of the PSO. This project was brought to the draft final stage but was never completed. All of the Edge staff involved with this recent project remain part of the firm and all the work is still pertinent and can be used to efficiently and effectively move this project forward before starting construction work this summer. Edge is also a City of Lansing based business.

Therefore, I recommend that a sole source be issued to Edge for the aforementioned purposes. The consulting costs will be paid out of multiple fiscal years. The current fiscal year's estimated encumbrance is detailed below.

Re: Claim -5625 Kaynorth

To the Lansing City Council and whom it may concern.

I James F Fawaz am requesting an appeal of the decision of the Claims Review Committee in the matter of the **lack of Due Process.**

I purchased 5625 Kaynorth rd on April 11, 2016 from Black Bear Distribution (**Exhibit A**) on a land contract and all paper work was filler with the county and city of Lansing.

Applied and paid for permits on June 15th 2016 (**Exhibit B**) To be clear, the city of Lansing has documentation that I was the owner of 5625 Kaynorth, **(Exhibit C)** records show I spoke with them on May 6th and the property was changed to a **No Bill Status there about.**

I was granted the roofing permit soon after, but the rest of the permits were on hold do to the lack of communication in the offices. Prier to buying the property I spoke with Susan Stachowiak in zoning that the property was no longer a duplex and not to be used for commercial purposes. **(Exhibit D) audio of call and only a call on letter.** At that time I proceed to work on the roof and miner things in the house.

In January of 2017 I provider the paperwork from the Assessors office to the permit department that showed that said property was not a duplex **and requesting the rest of the permits that I paid for** . The secretary gave me a phone number to call, so I did ,left a message but did not get a reply back by phone nor by the mail. Not I only this time but also in July of 2016.

Said property , Unbeknownst to me, was put back to a billing status on February 3rd 2017 **(Exhibit C)** . I was never personally sent a letter about this and was never sent a letter regarding any fees that were accumulating due to the new Bill Status and was not aware of this until I was going to pay the taxes for the property in February of 2018.

What makes this even more upsetting and frustrating is that I was sent letters from zoning and code departments and replayed by letter and email (Exhibit E) with no reply back. With no mention of the Red Tag fees .To make this matter worse I contacted me City Board member Tina Houghton . We sat down and I disguised the mater and she didn't get back with me nether.....

There is more to list but we can go over that when we get together. I am looking forward to seeing you and resolving this matter

Sincerely James F Fawaz

RE: Final Notice of Violation - 5625 Kaynorth Road, Lansing, MI 48911

Dear Mr. Fawaz,

There continues to be a great deal of wood, mulch and brush in the yard at 5625 Kaynorth Road in violation of the City of Lansing Zoning Ordinance. This property is zoned "A" Residential, which district does not permit the use of a lot for a wood processing/tree trimming business or for the outdoor storage of landscape materials.

In addition, the "A" Residential, district permits single family residential uses with associated parking. Only vehicles that are directly associated with the residential use of the lot may be parked on the property. There has been multiple commercial/industrial vehicles related to the tree trimming/wood processing business parked on the property at 5625 Kaynorth Road.

Since you have already been notified several times of these violations, this is your final notice to remove all materials being stored in the yard and have all wood processing/tree trimming business activities discontinued within seven (7) calendar days from the date of this letter. Failure to comply with this notice will result in issuance of a civil fine. In addition, the City will seek a court order of compliance.

If you have any questions, please do not hesitate to contact me at 517-483-4085.

Sincerely,

Susan Stachowiak

Taxpayer's Copy

July 12 2017
To Susan Stachowiak,

In regards to your insistent harassment of my use at 5625 Kaynorth Road:

1) The wood, mulch and brush located at my property is not for the use of a wood processing/tree trimming business. The wood I have located there is going to be for personal use. I plan to burn it for warmth in the cold winter months. It is sitting out because firewood needs to dry for a time period prior to burning. The mulch located on my property is also not for business purposes. It is for my personal use at my future home. If you insist that my firewood needs to be stacked I need to see where in the city ordinance it is written.
2) For the last year now I have been trying to do repairs at this location using my commercial equipment for disposal of trash and building materials. The boom trucks that have been parked at the property have been used to remove trees and replace the roof on the house/garage. There is a permit for roofing that has been issued and your incessant interference has resulted in me having to remove my equipment necessary to finish my roofing job.

You are the same person who gave me grief at my previous residence 3001 Westchester. Your office insistently harassed me over my work equipment and materials. After all the work was said and done your inspector praised me on the accomplishment and improvement to the neighborhood. I am a disgusted Lansing resident. Tax payer dollars should not be wasted in this fashion. I am a professional landscaper with twenty-three plus years of experience. I know what I can and cannot do with materials such as firewood, mulch and brush.

Just to be clear, I am not using 5625 Kaynorth as a location for business. I have an office located at 6425 S. Pennsylvania Ave with ample parking for all of my vehicles. I also have industrial property in Delta township where I can store my vehicles and firewood/mulch for business purposes. As stated in bullet number two, I only parked those commercial/industrial vehicles at 5625 Kaynorth because I was working on house improvements for which I had permits. I have repeatedly informed you, your office and any colleagues of this fact. I am not using 5625 Kaynorth as a location for business storage or activity. I intend to live there in the near future once the home improvements are completed. I am an extremely busy business man with a family to take care of, I am working at the fasted pace that I can allow.

Sincerely,

James Fawaz
Disgruntled Lansing Resident.

Dear Mr. Jacob Odom,
In regards to your repeated notice involving the back half of my property at 5625 Kaynorth, I refuse to mow the back field. I am letting it revert in to a bee sanctuary filled with wild flowers. If you have an issue feel free to contact me using this email address.

Subject: RE: A Few Questions

Date created is the date I posted the invoice in BS&A, due date is 30 days from the date it was entered into the system but really doesn't mean anything unless it is for a Red Tag Monitoring fee and a late fee is applied after 30 days delinquent all other assessments do not incur additional fees they are simply added to the property taxes.

I think Scott might be responding to this e-mail as well but he can't answer questions 1 & 2. A valid permit doesn't automatically stop the billing process the owner needs to keep in contact with the code officer and prove they are working on the property. You must keep in mind if you see a monitoring fee that says 2/01/2018 it is for the monitoring for January. We run all assessments the first of the month and in the case the owner applied for a Building Permit on 2/08/2018 it was issued on 2/12/2018 and to date they have not had any inspections on the permit that would indicate work is being done. Please also keep in mind this claimant was remodeling the house without benefit of any permit back in 2016 at which time he pulled 3 trade permits and needed to pull a building permit for the work but just pulled a building permit for a tear off and re-roof now all the permits from 2016 are expired and to date has not had one inspection for any of the work. We have also had repeated issues with this claimant running a landscape tree cutting service on the property which he denies but pictures indicate otherwise (please see attached picture) and repairing cars in the pole

barn.

We did stop the monitoring the property was tax foreclosed on and the current owners brother bought it at tax auction then we moved it to bill again due to him not doing any work on the property. Black Bear Distributing is the owners brother there were problems with the land contract they drew up and it was not accepted with the assessor's office until 5/08/2017 the sale date shows 4/11/2016 but it took them over a year to take action and correct the sale .

I attached the invoices that are outstanding he was being billed monthly I cannot reproduce the bills that went onto winter taxes I am not sure of the cutoff date treasury would have this all bills become zero balances when they are transferred but they are given new transaction numbers it is a little labor intensive on my end but it just boils down to he is not working on the property which is why he was being billed until a real effort is made on his end it will continue.

Subject: A Few Questions

Hi Lynne,
The CRC met yesterday and have a few questions regarding the claim for James Fawaz. Please see below and advise.

Follow up items for Code Compliance for Claim ID: 1545 – James Fawaz – 5625 Kaynorth

- **Could you provide all the invoices for items billed for the total amount that was assessed of $750 Winter 2018 Taxes + $937.50 Outside of taxes?**

Reasoning - The packet only included the total of $787.50 for Nuisance Fee Billing Statement for Invoice 00100267 $157.50; Invoice 00101553 $157.50; Invoice 00103473 $157.50; Invoice 00105017 $157.50; Invoice 00106169 $157.50

- **The invoices provided in the packet contained the "Date Created" and "Due Date" and "Date of Service". Can you provide context to these dates meaning on the invoices?**

Reasoning – To establish the months billed by code compliance by invoice provided. Date of Service is same on invoices include of 1/19/18.

- **What is the notice and billing process when a Red Tag is Issued and monitored when a valid building permit has been issued?**

Reasoning – Does code compliance actively bill and/or place on a hold during this process in which a valid permit was issued. What happens when the permit expires (6 Months) and the claimant is found not to have completed the work required. Needed to understand when notice was giving and items were billed practice.

CODE OFFICER'S NOTES: This property has been Red Tagged since 3/13/2009 to present. The claimant did have permits in 2016 but all trade permits were cancelled due to inactivity and no work being done. The claimant did have a Building Permit issued but it was for the roof and did not address issues within the residence. The claimant did recently have another permit issued on 2/08/2018 but has not called for any inspections. This office goes by and checks on the property frequently to insure it is not occupied and to see if work is being done. This office did move the property to a no bill status but due to inactivity it was turned back to a bill status. The claimant has also been warned several times he cannot run a landscape/tree cutting service out of the garage as this property has been cited several times for brush and tree limbs violations (please see pictures) since the claimant took ownership. The claimant cannot file a claim on all of the fees as they only had 30 days from the time they were placed on property taxes to file a claim. The claimant can only file a claim on the $750.00 dollars that was added to the Winter 2017 taxes and the $937.50 that is currently owed outside of taxes. This office recommends denial of the claim and would also like to state just because a permit has been issued does not mean the property will be placed on a no bill status work actually needs to be done in the form of inspections on the permits and having the Code Enforcement Officer come to do progress inspections.
